Chairman's Report – September 2018

Welcome to Nerissa McDonald, recently appointed as our newest Parish Councillor following selection interviews at the Parish Council's July meeting – our next meeting will be at 19:30 on 6th September at Coddington Community Centre, which members of the public are welcome to attend.

The new draft of the Local Minerals Plan has been issued by Nottinghamshire County Council for public consultation until 28th September. I am glad to report that the large sand and gravel quarry site at Coddington is not included in this latest draft plan, which after the consultation is complete will need to progress through a public examination before it becomes final. The plan will define the policy for mineral extraction in the County until 2036, and everyone is welcome to contribute to the online consultation and read the Local Minerals Plan at:

<http://www.nottinghamshire.gov.uk/planning-and-environment/minerals-local-plan/new-minerals-local-plan>

The Parish Council and Coddington Against Gravel Extraction will be making their own comments through the online system during the consultation period.

Nottinghamshire County Council is planning some Highways works via their main contractor VIA over the next few months:

- *Resurfacing of Drove Lane and Main Street near Well Green*
- *Adding a short length of double-yellow lines at the road junction near The Plough*
- *Improving the speed signs at the West entrance to the 40mph zone on Beckingham Road*
- *Implementing a 20 mph speed limit outside the school entrance, including new signage*

There is a proposal from the Police to merge the Safer Neighbourhood Group for Coddington, Barnby and Winthorpe with the group covering the A1133 villages around Collingham. The Parish Council is against this change but will accept the decision of the other parties involved the two Safer Neighbourhood Groups.

A very successful speed awareness event was organised by Chris Gangel with the school and the Police, providing experience to school children in using the speed cameras owned by the Parish Council and the Police. The Parish Council will continue with their speed monitoring with the aim of reducing the frequency of excessive speeding through Coddington, improving the safety of everyone – some vehicles have been logged and reported to the Police as exceeding the speed limits by almost 20 mph!

A meeting is planned with the Post Office, to discuss the options to reinstate a Post Office service in the village and provide this essential service locally.

Coddington did not progress to the next stage of the Best Kept Village competition, and the Parish Council will review the feedback from the assessors to decide what actions are needed. We have already agreed to increase the working hours of the village handyman, and to install extra bins (for litter and bagged dog waste) where there are gaps in coverage.

Thanks are due to Mr and Mrs Bache for sourcing a commemorative display cabinet in the Church for the WWI book which was published and distributed by the Parish Council.

ALL SAINTS' CHURCH

Reader Mike Bache writes:

As I write this, the July heat wave is in full swing. What a summer it has been so far. Let's be fair here, we all like a bit of sunshine from time to time but when it goes on for a long time without a break we all begin to flag a bit and are in need of water and shade..

My garden is no exception and without water it is looking decidedly sorry for itself. With no appreciable rain over the last six weeks, my plants are really suffering. I am doing what I can to keep things alive by watering things each night with a watering can, but the sun is relentless and scorching just about everything. The grass is brown, and what flowers there are seem small and insignificant.

I know I shouldn't moan but seeing my garden suffer as it is, especially after all the hard work I have put into it, is bitterly disappointing.

Schools have broken up and many people are preparing to go away on holiday which means that they will be working doubly hard to make sure their holiday is a success.

It's like everything and everyone is suffering from "burn out" at the moment.

It made me realise that we are all pretty vulnerable. Despite our best efforts at self preservation we cannot do it alone. However, to avoid "burn out" we need watering too. Watering with the love of God to ensure that we are strong and flourish as we should. Without it we may well shrivel to something of our former selves.

Revelations 21 verse 6 says:

Come you who are thirsty, I will give to drink without cost, from the spring of the water of life.

Drink and be fruitful.

Mike

RIDE & STRIDE

Saturday 8 September 2018 sees the annual Nottinghamshire Historic Churches Trust 'Ride & Stride' taking place. Ride & Stride is a sponsored event where Churches and Chapels throughout the county open their doors to walkers and cyclists. There's no set route, you are free to visit as many churches as you wish and get sponsored for visiting them. I took part in the event last year and it was one of the best days I've had out on my bike. I cycled 52 miles and visited 25 churches. I found so many hidden gems; beautiful churches which I never realised existed, and ate my body weight in biscuits!

All Saints' will be open from 10am on the day so why not start your event at our beautiful church.

To register as a participant or to request a sponsor form, please contact Sandra Cotten on 01636 706559 (email: clarecotten@hotmail.com) or visit <http://www.rideandstrideuk.org/counties/nottinghamshire/> for more information.

BONUS BALL FUNDRAISER

The Bonus Ball Fundraiser for All Saints' is going well. To date we have had seven different winners all receiving £25 each.

Later in the year, the bonus balls will become available again for January to June 2019 and you will have the opportunity to buy a bonus ball for £1 (payable for 6 months in advance). Numbers 1 - 50 are for sale (Numbers 51 to 59 being reserved for the church). The bonus ball drawn on the 1st Saturday of each month will win £25 (if all 50 balls are sold).

May winner was No 41 - Sandra Stafford

June winner was No 10 - Clare Ormston

July winner was No 1 - Peter Horton

If you would like to buy a bonus ball contact Sheila Bache on 674741 or 07727040504 **BE IN IT - TO WIN IT**

WE NEED YOUR HELP!!

Can you spare an hour every now and again to help clean the church or help with the altar guild which involves cleaning brasses and providing flowers?. All done on a rota basis. If you can help in any way please contact Mrs Sandra Cotton on 07790632132.

BOOK SALE

Are you aware that the church has a collection of books for sale for as little as 50 pence. Why not come along to one of our coffee mornings and browse through the book shelves for a good read.

OPEN CHURCH ROTAS

The English Heritage Lottery Grant received towards the repair of the chancel, nave, and south aisle roofs **requires the church to be open for 40 days per annum, and 1 day is equivalent to 6 hours.**

Being open for services/events does not count towards this requirement. Consequently, we are looking to extend our small team of friendly and enthusiastic volunteers to facilitate this requirement.

All Saints' is your village Church, a beautiful and historic community building, here for all in the parish and beyond. But it needs looking after, and keeping open, and for this we need volunteers to help.

Could you lend a little of your time and talents for the following:

Wednesdays - 0900 to 1500
September: 5th, 12th, 19th, 26th

Fridays - 0930 - 1530
September: 21st

Saturdays - 0930 - 1530
September: 1st
October: 6th

Volunteers do not have to be church-goers and do not have to do this on their own.

The rotas are staffed by volunteers in 'one-hour slots' so there is flexibility to choose an hour to suit your other commitments, and it does not have to be a regular commitment.

This is an opportunity to spend an hour away from the hustle and bustle of life, where you could read/exchange/buy a book, knit, chat, spend a quiet hour with a friend, enjoy a cup of coffee or tea, or find out more about the history of the church and the village. It is also an opportunity to meet some interesting people who will visit the church from far afield and locally.

Please consider this invitation and then contact the following for more details:

Sue on 01636 676707 or e-mail to susanlovell244@gmail.com
Joan on 07896 415047

We really look forward to working with you and having you join our team!

Village Hall News

Well, frustratingly the same opening sentences apply as in the last newsletter – “sadly, all is fairly quiet on the new extension, negotiations between architects and the council proceed slowly – but hopefully, surely. Unfortunately we cannot begin the painstaking process of applying for grants until they have finished and have obtained estimates for the work”.

The wall between the Scout and Village Halls. Possibly predictably, yet again our application to the County Council’s Local Improvement Scheme (for half the cost of the rebuild) was rejected. Back to the drawing board or rather the grant application forms.

Quiz. The quiz night was the usual success, many thanks to Jane Hedge for capably organising it. We have booked another for February next year.

Chairs. We have received several compliments about the new chairs, they will come into their own for events attracting a full house since we will not have to borrow from the Scouts now! Our faithful old orange chairs have gone to the Scout Hall.

Village Ventures. See elsewhere for information on the two events before Christmas, the first is an “independent” booking of the ever popular Churchfitters and Village Ventures have granted us a December theatre event and two music events for next year.

Maintenance mornings (generally on the first Monday of the month; contact Dave Turner on 708781 if you’d like to help) have continued when the weather permitted, the path to the north of the hall is now completed. Other tasks have been many and varied; re-fixing radiators to the walls, painting the rear boundary fence, adjusting the mirror so it is less distorting, repairing window catches again, cleaning scuff marks from the hall floor, gardening etc. We hope to repaint the interior of the main hall in the near future dependent on borrowing a scaffold tower to access the ceiling.

The Village Hall Committee. Chairman Bernard Allen.

churchfitters

— *Live at the Village Hall - again!*

Sunday 14th October 2017 7:30pm

We are very pleased to welcome the Churchfitters back for a fourth time with a mouthwatering selection of favourites from their regular repertoire along with some you've not heard before .

The Churchfitters is a folk band like no other. A bass guitar made out of a frying pan. Heart-wrenching vocals accompanied by a musical saw. Foot-stompingly fast fiddle mixed with infectious funk-rock bouzouki. And traditional tunes reinvigorated with mesmerising jazz sax.

The three virtuoso musicians from England and France strut their stuff on a stage that bristles with instruments - adding flute, banjo, dulcimer, tin whistle, guitar, ukulele, stand up dustbin bass and a sackful of percussion to their ensemble. And let's not forget the unique 'bing-bong' machine made out of hack-saw blades.

Throw in some exquisite harmonies, a slew of startlingly original songs and a few jokes that create instant rapport and you've got a high energy show that always leaves audiences cheering. How do you adequately describe such a musically diverse, uplifting band? You leave it to Mike Harding, a self-confessed 'huge, huge fan'. He calls them 'totally brilliant and beautiful'.

If you haven't seen them before then you're in for a treat – but don't delay as we already have quite a number of tickets reserved and they have always sold out before – and there's nice new comfy seats in the hall now! Tickets are slightly more expensive than usual as the show is not subsidised.

Doors open 7pm. Tea/coffee/juice will be available at the interval, or bring something stronger if you wish.

Tickets £12 purchased in advance, or £13 on the night. Under 17s £5. Available as usual from Bernard Allen 703360, Isobel Turner 708781 and Phil Waller 701013.

A CHRISTMAS CAROL BY CHARLES DICKENS

at the Village Hall

Thursday 6th December 2018 7:30pm

The Village Hall is again welcoming Village Ventures – the rural and community touring scheme for Nottinghamshire featuring high quality professional dance, drama and music from the best in national and international touring companies and performers.

We are very pleased to have Dave Mynne back for the second year running after our audience thoroughly enjoyed his “Odyssey” last year.

Joy to all mankind... Bah!

Spend an evening in the company of a mean, tight-fisted, squeezing, grasping, clutching old miser. Bah!

Watch horrified as Ebenezer Scrooge is haunted by four creepy ghosts (wooo-oooh) each one more terrifying than the last. Bah!

Sob at the bedside of a tiny, malnourished child riven with rickets. Bah!

In their inimitable style the team that brought you Great Expectations, Dracula and The Odyssey (Greek stuff!) will now take you on a grim journey through the dark, dismal streets of Victorian London, where Ignorance and Want cower together.

Using Dickens' original words combined with anarchic comedy. Comedy? Bah!

Celebrate the festive season with a mesmerising one-man performance of Charles Dickens' timeless, transformative story: A CHRISTMAS CAROL. Bah! And Bah!

Suitable for adults and older children (8+) Doors open 7pm. Tea, coffee and juice will be available at the interval, or bring something stronger if you wish.

Tickets £10 if **paid** in advance, £11 on the door. Children £4. From: Bernard Allen (703360), Isobel Turner (708781) & Philip Waller (701013)

Pat Hemingway my Memories of WW2

"I was born in 1930 at West Melton, Rotherham, a coal mining area. I was an only child and my parents were Richard Grainger and Annie (nee Butterfield, from Castleford, Yorkshire). Dad worked in the local Co-op and was also a special Constable, he failed his medical so he was unable join the Forces. As a special treat when I was nine I was allowed to clean and polish the

buttons on his tunic. Looking back it was amusing that every Sunday morning the special Constables met in the local brewery.

Our house was a large terrace, originally no electricity but gas lighting, electricity was installed in 1936 a single lamp in each room and very few plugs only downstairs. We had coal fires and a coal fire to heat the "Copper" in the corner of the kitchen which was used to heat water as we only had a cold tap. Mum used to ladle warm water into a bowl for us to get washed in. On wash days she had to ladle the hot water in to a large peggy tub to wash the clothes in using a posser. Friday night was special, bath night for the family in a tin bath in front of the fire. Like most people we lived in one room.

The government employed men to build air raid shelters in people's gardens we had one to share with the house next door, we only used it once for a couple of hours it was damp and cold so when the air raid siren went off we went into our cellar which was cosier.

We had a radio powered by an accumulator, just after we got electricity dad spilt some acid from the accumulator so mum said it had to go, we got a new electric radio. My favourite programmes on the radio were "In Town Tonight", Arthur Askey, Dicky Murdoch (Stinker), I used to sing along with Vera Lynn and Gracie Fields. Everyone listened to Churchill's speeches they were a terrific moral booster to everyone. There were eight cinemas in Barnsley and they were well attended as people went to watch the "Pathe News" on the latest development in the war.

When I was about five years old I went to the local Methodist Sunday School, morning and afternoon, I was a good attender and received a book to confirm this. Whilst I had to go to Chapel twice every week on a

Sunday mum and Dad only went once a year and that was on the Chapel Anniversary where dad played the violin.

When I started school I had to walk one and a half miles to the school at Brampton. I had a gas mask which I carried in a tin this came in handy when it snowed as I could sit on it and sledge down the hills. At school we had regular training to see if all the pupils put their gas masks on correctly. In 1943 dad was promoted to be manager at the Co-op in Barnsley so we moved to the managers house which was much larger but unfortunately we did not have much furniture. When I was eleven I passed my eleven plus and went to Barnsley Girls High School, my favourite subject was art, I worked hard at school and passed the "School Certificate" in eight subjects:- English Grammar and Literature, French, Latin, History, Geography, Maths, Religious Studies and art. The only time I met any evacuees was at Barnsley Girls High School. I then went to Leeds University on a Teachers Training Course, it was here that I met Len Hemingway for the very first time at a University dance, Len was born in 1925, we married five years later. Leonard George Hemingway joined the Yorks and Lancs' Regiment, he went on an officers training course and was a Lieutenant, he was posted to Berlin just before the war finished. He always mentioned that all English Military personnel were very careful to keep out of the Russian sector. Lieutenant Len Hemingway like most military people never spoke about the war.

Like all families we suffered from food rationing, but all my friends never believed me with my father being the Manager of the local Co-op. I can remember eating bananas, oranges and grapes after the war finished. Often there were Military Parades in the town which also included ARP's, Special Constables, Boy Scouts and Girl Guides etc, all monies collected went to the local hospital, remember there was no NHS in those days.

Living in a mining area and only a short distance from Sheffield (one of the country's major steel producers) we were used to seeing German bombers and Lancaster bombers and Spitfires, Hurricanes (we were pleased to see the red, white and blue circles on the English planes). We witnessed several bombing raids on Sheffield and the major railway junction at "Wath Hump Junction", like most people we got used to them. There were a lot of Barrage Balloons protecting the railway junction and the pits and I

was fascinated by them. I can only remember one plane coming down in our area. Everyone I knew was petrified of "Doodle Bugs" you could hear them coming by the weird noise they made but when the noise stopped everyone panicked.

"D DAY" was very special, all the streets were decorated, Union Jack Flags were flying every where, mum put our Union Jack out of the bedroom window, the last time she had used it was at King George V1 Coronation in 1937. Everybody was laughing and cheering, music and dancing everywhere, bonfires in streets a fantastic celebration.

Get your windows and guttering clean with local firm Squeaky Clean Windows!

Using a pure water fed extending pole system we are able to reach virtually all inaccessible windows. The soft bristled brush means that painted frames are protected too.

Keeping your gutters clean is an important part of house maintenance. Our gutter surveys start from £19.99 and the gutters are cleaned using a gutter hoover and CCTV so you can see the results for yourself.

We also offer a Caravan Cleaning service using Fenwicks cleaning solution.

Fully insured and competitively priced, we pride ourselves on putting the customer first. We clean all year round and with a contact call 24 hours before we come, you know when to expect us.

These are just some of the things our customers have to say:

'Excellent service and great results – which means my windows only need doing bi-monthly' Phillip from Newark.

'Ian runs a reputable company and nothing is too much trouble' S.Jarman, Newark

We accept payment by cash, cheque or bacs invoices can be raised if required.

Group Update

We have finally replaced the main hall windows which has improved the airflow inside the building as we can now open the windows.

BEAVERS⁺ Some of the activities the Beavers have been doing include Pond Dipping at Sherwood Pines, an Activity Day at the Scout water centre at Hoveringham, visits to the Police Station, Fire Station and Air Museum, an activity day at Lincoln Away Activities and a water fight at 6th Newark Sea Scout Beavers.

cubs⁺ The Cubs have been learning about the Guide Dogs and the valuable work they do, Map reading and Navigation and had a water session at Newark Canoe Club.

SCOUTS⁺ The Scouts have been to Sherwood Pines Orienteering and improving their skills by lighting fires without using matches, improving their Map Reading and Navigation Skills including Route Planning activities. The Scouts finished the term with a Laser Tag session.

Fund Raising

The Cubs and Scouts took part in a Bag Pack at Morrisons and raised £600 which along with our Gift Aid claim has set us up nicely for our next projects.

These include the wall on the east side of the building where the alterations will take place for the Village Hall. The wall poses a safety issue and must be rebuilt to make it safe for the workforce while preparing the drains for the new look Village Hall.

Our next project inside the hall is to revamp the Kitchen and Toilets.

A helping start to young people

For young people making their way in life the entry in their CV of a couple of years helping a Scout section is invaluable not to mention the benefits opened up by completing our leadership training requirements. These are not difficult and are normally completed during the normal running of a section over a couple of years. If you are interested please do not hesitate to get in touch.

We offer access to volunteering opportunities for the Duke of Edinburgh award.

Coddington W.I.

Coddington W.I. meetings are held in the Coronation Hall at 7.30pm on the 2nd Tuesday of each month, other than August when an outing is arranged. The doors open at 7pm and each meeting is commenced with our President informing members of W.I. news & general information before introducing the evening's guest speaker or in-house arrangement such as a members' evening.

Our invited speaker in June was Madge Spencer and her topic was Jamaican Cookery, entertaining our members with a demonstration and preparation of a Jamaican Jerk Chicken dish with a vegetarian option, then serving taster samples of the food including an aperitif. Madge also spoke about coming to live in Britain and the fascination of experiencing snow. In July, W.I. member Wendy Parrett entertained the audience demonstrating the art of flower arranging using a variety of blooms and foliage, eventually showing three styles of arrangements. One bouquet was kindly donated by Wendy to the in-house raffle as first prize. Throughout the year further speakers are arranged with a variety of topics hopefully pleasing most members' interests.

Other activities such as arranged outings are popular with members. This August a planned tour of the Robin Hood Theatre is arranged which some members regularly visit when in production. Recently a group from Coddington W.I. enjoyed the thriller 'The Ghost Train'. The Bell Foundry at Loughborough is planned prior to a morning at the local market & lunch, travelling by coach from Coddington. Also a Christmas visit to Chatsworth House is in the planning for December to see it decorated in the festive manner. Other extra activities or meetings that are available for members are a discussion group, walking group, county events & an educational course at Denman College Oxfordshire.

On Sunday 8th July All Saints' Church Open Day held a special service in remembrance of the two wars featuring displays provided by Coddington History Group. W.I. President Glen Sheppard delivered a reading of a poem 'For the Fallen' and W.I. member Jane Hedge read 'The Evacuee'.

A Quiz Night has been arranged for October 27th at the Coronation Hall with teams of 6 contestants per table. Visitors may bring their own drinks; fish & chips or pie & chips for £5 will be served.

New members are always welcome to join Coddington W.I. If you are interested why not come along for a 'taster evening' and be under no obligation to join.

Advice for staying safe around open water

- Don't jump or dive into open water unless you know the depth; submerged objects such as rocks may not be visible and can cause serious injuries.
- Be aware that there may be strong currents, even where the water surface appears calm.
- Avoid weirs, locks, pipes and sluices.

- Take note of warning signs, safety information or flags near the water's edge.

- Water can be very cold even in summer, causing cramp and breathing difficulties – these can affect even the strongest swimmer.
- Keep away from the river's edge and closely supervise young children at all times.
- Wear the recommended safety equipment for your activity, e.g life jackets/helmets.
- Be warned: airbeds, etc. can be carried into deep water and may not keep you afloat.
- Alcohol may impair your ability and judgment; never go swimming under the influence of alcohol.
- Get trained in life-saving and resuscitation techniques.
- Teach children to swim and not to go into the water alone.

Quarry safety

Quarries are dangerous places, even for the most competent of swimmers. The water can be very deep and cold, putting you at risk of hypothermia and cold shock, which can prevent your muscles from functioning properly. Loose, slippery sides can make it difficult to climb out while unseen machinery and obstacles beneath the water can cause serious life-changing injuries or even death.

Cold Water Shock. What happens?

Cold water shock causes the blood vessels in the skin to close, which increases the resistance of blood flow. Heart rate is also increased. As a result the heart has to work harder and your blood pressure goes up. Cold water shock can therefore cause heart attacks, even in the relatively young and healthy.

The sudden cooling of the skin by cold water also causes an involuntary gasp for breath. Breathing rates can change uncontrollably, sometimes increasing as much as tenfold. All these responses contribute to a feeling of panic, increasing the chance of inhaling water directly into the lungs. This can all happen very quickly: it only takes half a pint of sea water to enter the lungs for a fully-grown man to start drowning. You could die if you don't get medical care immediately.

How can you minimise the risk?

If you enter the water unexpectedly:

Take a minute. The initial effects of cold water pass in less than a minute so don't try to swim straight away.

Relax and float on your back to catch your breath. Try to get hold of something that will help you float.

Keep calm then call for help or swim for safety if you're able.

Advice given by Nottinghamshire Fire and Rescue is to firstly always call 999 and ask for the fire service, we would also always advise you to look around for life saving equipment like throw lines if you see someone in the water as well as alternatives that can be used if there is no equipment in the area.

It's really important for us as a Service that people are aware that while it may be your instinct to enter the water to save someone, one casualty can easily become two, and you don't want to be in the position where you yourself get into difficulty and there is nobody to help.

VOLUNTEERS NEEDED

Every year, in addition to clubs and societies, the village is treated to an excellent range of entertainments and events by All Saints' Church, the Village Hall, Community Centre and Scout Group. The attendance levels, unfortunately, have varied but all our hard-working groups do need more support, from across Coddington, to sustain the core elements of our community. They cannot continue indefinitely without fresh faces. Some new helpers do come forward but more are required. If you can spare some time to assist please look at group/society reports in this issue, or at the list of contributors on Page 2, and make your choice.

Coddington Community Association

Hi Everyone,

I expect you have all heard the saying “only mad dogs and Englishmen go out in the mid-day sun”. Well lots of us braved the mid-day sun to enjoy three hours of fun and games at our Mid-Summer Madness fun day. We had ice cream, flapjacks, lots of lovely cake all washed down with tea, coffee and soft drinks. The children played on the bouncy castle and the adults joined in with the forestry activities, tug of war, welly throwing and football. Our doggy friends won prizes for how cute they were and the waggiest tail. A big thank you to the Fetch Club for donating the prizes. All Saints saw to the “Chuck a Duck” game and PC Gareth Nicholls brought along the new police quad bike allowing the children to climb on and have their picture taken. Not only did the children climb on but so did Poppy the Troll. Poppy also went to say hello to the children and had lots of photos taken with them, whilst inside the main hall Mabel won first prize for her beautiful garden on a plate, Isabel won first prize for her cake and Leanne took first prize for the ugliest/funniest veg, which had us all laughing especially our judge Vicky from Radio Newark. A big thank you to Just Flapjack, The Plough and Trustees of CCA, for donating the prizes. The craft stalls and tombola did very well along with the preserves and chutneys, the children spun a wheel for sweets and the adults tried their luck deciding which bottles had the wine in. At 3 o'clock we had a lively demonstration by members of the Line Dance class who meet weekly in the Village Hall, and they were amazing. We had an ambulance crew on standby in case of any mishaps, thankfully there were none so they were able to join in the fun.

When this day was first planned back in March it was not so much planned to raise money but to raise the profile of the Community Centre, so that residents of the village could look forward to more community events being held here, though of course we hoped not to make a loss. Our County Councillor Maureen Dobson donated £250 to our fund with the rest being met by the Community Centre Association., and I am pleased to report that we made a profit of £348.63 which will be put towards our next community event at Christmas so I hope all of us, young and older will come and visit Santa.

Our day would not have been such a success had it not been for our Event Team who helped organise the day, indeed I couldn't have done so without them. So a big thank you to: Amanda Baker, Malcolm Baker,

Sheila Bache, Jane Hedge, Jan and Alan Phillips, Emma Oldham, our Clerk Marion Fox-Goddard, and all those who came along to help on the day including my 22year old grandson Bradley who in the extreme heat turned himself into Poppy the Troll.

As a relatively new comer to the village I have often heard the view expressed that we are a village of two halves, but I think July 21st was a step towards changing that view, after all the Community Centre does sit in the centre of the village where Beckingham Road divides us, so with your support we can use the Community Centre to pull the village together, not just to celebrate special occasions but to celebrate our lovely village of Coddington and all of us who call it home.

Best Wishes

Essential Deliveries

With all the publicity about plastic pollution, you may like to know that you can get still your milk delivered to you in glass bottles.

On the "Milk and More" website inputting a Coddington postcode tells you that your milkman is Ian Pevier who delivers on Tuesdays, Thursdays and Saturdays.

Apparently they deliver other items such as eggs and bread too. You can phone to enquire too, 0345 606 3606.

For the more cautious among us Heartstartnewark will be running free 2 hour courses at different venues throughout the year, the course covers:

- Treatment of the unresponsive casualty
- Primary survey
- Recovery position
- How to deal with heart attack
- CPR
- Choking
- Treat severe bleeding
- How would you treat a nosebleed?

Book onto a course and see if you are right

A certificate of attendance will be given.

If a 3 year old can do it so can you.

Doorstep callers

Do

Keep your front and back doors locked, even when you're at home.
Fix a security chain to your door, and make sure you use it every time someone calls

If in doubt say "No thank you" and close the door

Make a note of any vehicle registrations or business names -

ONLY IF IT IS SAFE TO DO SO

Report any cold callers via the Citizens Advice Consumer
Helpline on 03454 04 05 06

Phone the police if you feel in danger from the caller

If you need work carried out contact the Buy With Confidence scheme for details of trades people who have demonstrated their commitment to fair and honest trading on www.buywithconfidence.gov.uk or 03454 04 05 06

Don't

Let a caller into your home if you are unsure of them

Agree to have work done on your home without getting a second opinion or further quotes, two or three if possible

Be lured in by the promise of discounts, one-day only offers and 'this deal is only available now'

Believe the 'scare stories' a seller may tell you - they are rarely true

Believe genuine companies have lots of left over products or cancelled orders

Neighbourhood Watch

All Neighbourhood Watch schemes are registered on the website 'www.ourwatch.org.uk'. In Nottinghamshire we also have the website 'www.nottswatch.com'. Both of these websites are useful sources of information regarding crime in your local area.

The police website can also be used for crime information 'www.police.uk'.

Let's keep our eyes open and report anything out of the ordinary.

In addition there is an application for smart phone users to interact with the police. Information about the application can be found at the website 'www.witnessconfident.org'. The application is called **Self Evident**.

If you would like to help keep our neighbourhood a safer place please visit the websites and spread the word about anything you find.

Always be vigilant, noting anyone or anything suspicious, car reg. no. etc. and if worried contact our PSCO Katie Hyde.
