

A Plan for Newark's Future:

Have your say on how up to £25million could be spent in Newark

May to June 2020

Newark on Trent

Newark has been chosen as one of 100 towns to bid for up to £25m investment through the Government's 'Town Deal'. Our bid will have to attract private investment.

We want you to tell us how the money could be spent, helping us make the strongest possible case.

We know it is difficult with Covid-19 (Coronavirus) affecting us all. We are looking to the future and now want to hear your big ideas for Newark's future. These must build on our town's strengths but go beyond the here and now. We want to create a town where all our residents, businesses and communities can fulfil their potential.

How do I get involved?

What are your thoughts around education, housing, transport, roads and safety? Does the town centre meet your needs and what does it need more of?

The bid will need to show, and we want to hear from you about how we:

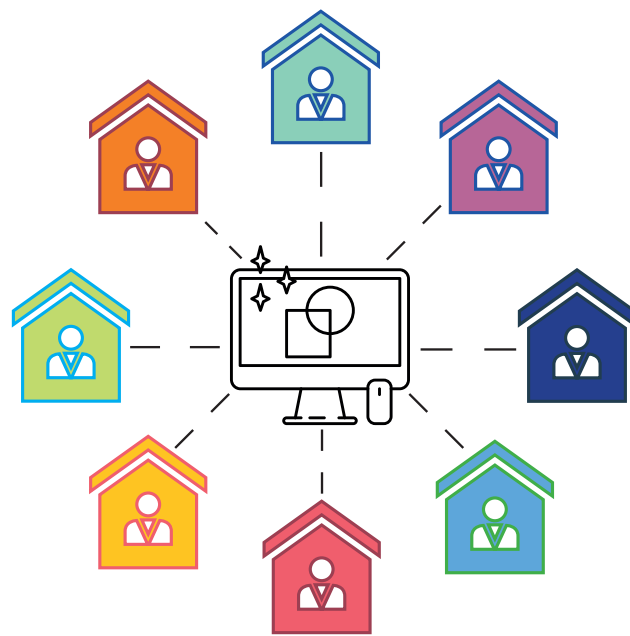

- Get into the town and move around it
- Connect digitally
- Use public areas and open spaces
- Live in and use the town centre
- Learn and get the skills we need for the future
- Support existing and new businesses
- Make the best of our buildings and places

For us to have the best chance in being awarded the maximum funding, it is vital for the residents of Newark to be part of this process. We need you to have a say in the future of your town and let us know how you want to see Newark meet the needs of the present and the future.

Complete our online survey at:

www.surveymonkey.co.uk/r/NewarkTownCentre

Closing date for submissions
Wednesday 10th June 2020

We uncover the things that matter most to you

Everyone has their say!

A Plan for Newark's Future:

Have your say on how up to **£25million** could be spent in Newark

May to June 2020

What happens next?

Your feedback will help us develop our Town Deal which we will send to the Government. The Government is clear that our Deal must set out budgeted proposals which will be of real and transformational benefit to Newark.

The Community Planning Engagement is a chance to discuss opportunities for Newark and co-create a vision for the town centre and its relationship with the wider area. This is the opportunity for you to be heard and to contribute to the future of your town.

Create new places and breathe life into old ones
